

Club Events:

February 20th - Club Meeting: Lunar Eclipse Party
UW Barlow Planetarium at 7:00PM

Club News:

Hello everyone, We have a big Year planned, starting with the messier marathon at Green Bay, Astronomy day and WOW! It should be a great year for observing, Jupiter should be nice and High this summer.

We will start off with an Astronomy day meeting at 6pm before our regular meeting at the emeritus room, everyone is welcome! please come and bring Ideas.

Remember we will observe the Lunar eclipse at the meeting(it WILL be clear) dress warm, and bring binocs and or scopes.

Some of us will be going to the swap meet at Sheboygan, with the price of gas anyone wanting to carpool let me know or come to the meeting and ask around. Jon McKenzie

WOW '08 Update!!

Summer is coming! Well, maybe spring first. But, it is just a bit over three months until **Wisconsin Observers Weekend 2008!** And, on February 21th, open registration for non NEWSTAR members begins. Be sure to get your registration in before we fill the space at Hartman Creek State Park. Registration forms and instructions are posted on the www.new-star.org site. I will also have the forms at the club meetings. Current NEWSTAR members do get a reduced price. So if you have not renewed your membership for '08, get your renewal form at the club site. Save a stamp and envelope. Mail both forms and your check to either Tom or me. Or bring it to the meeting! See y'all there June 5th-8th!
